PROFILE

I'm a React front-end developer with 2 years of experience building user interfaces and web applications. and I have strong skills in React, Next.js, and I'm proficient in integrating rest-ful APIs. I have a passion for building user-friendly interfaces and a deep understanding of browser compatibility and optimization techniques. I also possess excellent communication and problem-solving abilities. My experience and expertise make me a valuable addition to any development team looking to create engaging and interactive web applications using modern front-end technologies.
